For any questions or concerns please call us to 905-617-1971

We are available online to support our clients during these uncertain times.

How to measure?

Please measure total width and height of the door system. Measurements should be taken from the middle of the interior casing to the other middle on the opposite side.

If you have a transom please measure total height including the transom and mention the transom type (Rectangular, half moon and etc.)

If you can take pictures of current setup it will easy on the process.
